Holistic Education

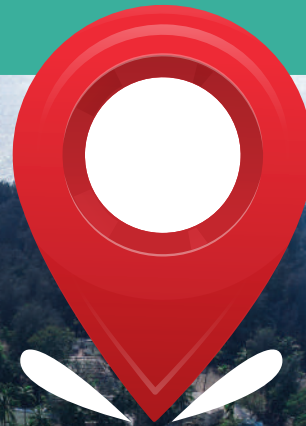

We focus on the Intellectual, Physical, Emotional, and Spiritual Development of students nurturing well-rounded individuals. It goes beyond traditional academics, fostering creativity, critical thinking, self-awareness, and a deep connection to life, inspiring children to positively contribute to society.

Our Campus at Nargol

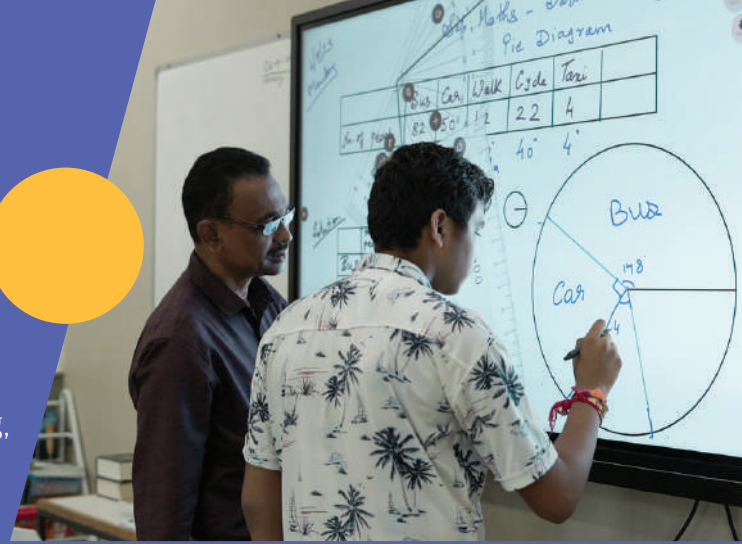

Our picturesque campus, nestled in nature, creates an environment for self-discovery, exploration, and connection with nature and life.

Sea-shore, Mango orchards, Fields, Gardens, Huge Trees and Grounds! Gift your child a Beautiful, Calm, Nourishing, Pollution-free atmosphere filled with positive vibrations of the sacred space.

Teachers are Guides, Mentors & Facilitators

They inspire students to explore and learn. They nurture curiosity, foster critical thinking, and instill confidence, empowering students to believe in their ability to learn and achieve their goals.

Assessments that empower not just measure

Multidimensional assessments that focus on academics, activities, skills development, and values imbibed

360-degree Assessments by Students, Mentors, and Parents that aim at continuous improvisation.

We believe assessments should be **'For Learning'** and NOT 'Of Learning'. They should not be the goal of education but means to All-Round Development of a student.

Nature Integration

Our Campus and Activities are designed to seamlessly connect children with Nature nurturing Environmental consciousness and Interconnectedness of all life

Healthy Lifestyle

From nutritious meals, well-maintained stay areas, and a round-the-clock joyful atmosphere to caring house parents and staff in a safe and secure atmosphere, everything at Auromira is about a happy and healthy life.

Global Citizens

Auromira instills values of exploration, excellence, and social responsibility, empowering students to positively impact the world. We aim to help our students participate in Global events for betterment of the society and humanity.

Conscious Individuals

Our students are empowered with a mindset for lifelong exploration and learning, inspiring students to grow into Conscious Individuals who can bring a positive change in the world.

Joyful Learning

Parents share...

Our son and daughter have been studying at Auromira for almost a year now and we see they have become quite responsible and independent. They don't need to be told what to do. Living so close to nature has helped them calm down yet be energetic and positive in their interactions. We are happy to see them enjoying their schooling.

Auromira is a school like none other. As a working mother, I wasn't able to be with my children but they are now receiving a lot of personal attention. They are able to pursue subjects and sports of their choice. And the best part is, they can visit home every weekend so we get to spend a good time with them. It's such a win-win for all of us.
